CORPORATE PARTNERSHIPS

Livingstone International takes an active role in proudly supporting organisations that positively impact lives and communities throughout Australia

Founded by Livingstone International in late 2022, the Livingstone Foundation focuses on human welfare, education, community development, spiritual, and physical well-being, Aboriginal and Torres Strait Islander peoples, rural, elderly, and youth development. The aim is to support all ages, disadvantaged, vulnerable and marginalised Australians so they are given the best opportunity in life to thrive. Livingstone Foundation has appointed a professional independent administrator Australian Philanthropic Services to support the directors with governance and giving with impact.

When you purchase from Livingstone International, you're contributing to the success of The Livingstone Foundation.

Livingstone is passionate about developing initiatives that support and provide opportunities for Aboriginal and Torres Strait Islander peoples, their communities, and businesses. We collaborated with artists from Dalmarri to create packaging artwork that reflects our core values. This partnership highlights opportunities for Aboriginal and Torres Strait Islander peoples while demonstrating our commitment to improving health outcomes through culturally significant initiatives. Together, Livingstone and Dalmarri honour Aboriginal and Torres Strait Islander culture and strive for a brighter future for all Australians.

Livingstone is partnering with Gunawirra, a not-for-profit organisation that supports Aboriginal and Torres Strait Islander mothers and children. Through this collaboration, Livingstone will donate 1% of all sales from its Duga product range to fund the art therapy program at Jarjum Preschool in Lismore. This program promotes emotional and creative development for young Aboriginal and Torres Strait Islander children, helping them connect with their culture. Livingstone and Gunawirra are committed to empowering Aboriginal and Torres Strait Islander communities through this vital partnership.

Livingstone is proud to partner with Accelerate, a Supply Nation Certified, Aboriginal and Torres Strait Islander company, supplying a diverse range of products for your everyday and business needs. This collaboration provides funding, resources, and essential supplies to support Accelerate's initiatives in education, employment, and community assistance for Aboriginal and Torres Strait Islander peoples. Through this partnership, we are committed to delivering high-quality care to Aboriginal and Torres Strait Islander communities across Australia.

Asthma Australia has been the leading charity for people with asthma and their communities for over 60 years, addressing climate change, unhealthy air, and health inequity by advocating for those with asthma. The Livingstone Foundation proudly supports Asthma Australia, recognising its crucial role in improving the lives of those affected by asthma. We are committed to raising awareness and highlighting the impactful work being done to assist those living with asthma.

The Black Dog Institute is Australia's sole medical research institute dedicated to mental health across the lifespan. Their work addresses key areas like suicide prevention, digital innovation, youth, workplace mental health, and lived experience. The Livingstone Foundation is proud to support Black Dog's mission, recognising their essential impact on the lives of those affected by mental health issues and committing to making a meaningful difference together.

Livingstone is dedicated to providing access, resources, and funds to the community. Our partnership with St. George Foundation enables funding for small charities that directly support families but lack government funding and fundraising capacity. Since 1990, St. George Foundation has collaborated with over 800 community organisations across Australia, investing more than \$23 million to improve the lives of disadvantaged children. Livingstone and St. George Foundation share a commitment to delivering quality support to Australian children in need.

Livingstone is proud to partner with UNICEF Australia, supporting vulnerable children through the Early Childhood Development Program for young Aboriginal and Torres Strait Islander children in rural areas. This program enhances health outcomes, introduces innovative early learning models, and promotes employment and training for local women. Together, Livingstone and UNICEF Australia are committed to helping disadvantaged children and communities thrive.
