Founded by Livingstone International in late 2022, the Livingstone Foundation focuses on human welfare, education, community development, spiritual, and physical well-being, Aboriginal and Torres Strait Islander peoples, rural, elderly, and youth development. The aim is to support all ages, disadvantaged, vulnerable and marginalised Australians so they are given the best opportunity in life to thrive. This partnership highlights opportunities for Aboriginal and Torres Strait Islander peoples while demonstrating our commitment to improving health outcomes through culturally significant initiatives. Together, Livingstone and Dalmarri honour Aboriginal and Torres Strait Islander culture and strive for a brighter future for all Australians.

Gunawirra

Livingstone is partnering with Gunawirra, a not-for-profit organisation that supports Aboriginal and Torres Strait Islander mothers and children. Through this collaboration, Livingstone will donate 1% of all sales from its Duga product range to fund the art therapy program at Jarjum Preschool in Lismore. This program promotes emotional and creative development for young Aboriginal and Torres Strait Islander children, helping them connect with their culture. Livingstone and Gunawirra are committed to empowering Aboriginal and Torres Strait Islander communities through this vital partnership.

We are committed to raising awareness and highlighting the impactful work being done to assist those living with asthma.

Since 1990, St. George Foundation has collaborated with over 800 community organisations across Australia, investing more than $23 million to improve the lives of disadvantaged children. Livingstone and St. George Foundation share a commitment to delivering quality support to Australian children in need

unicef for every child

ENVIRONMENTAL, SOCIAL & GOVERNANCE (ESG)

With over 40 years of supplying quality consumables across Australia, we have evolved to become the company we are today thanks to the help of our customers and partners that continue to support us throughout these decades.

Formely known as Corporate Social Responsibility (CSR), we now refer to Environment Social Governance (ESG). We are committed to sharing our success by giving back to the community in much needed areas through environmental incentives, Aboriginal and Torres Strait Islander reconciliation, ethical sourcing, diversity and inclusivity.

Livingstone follows six pillars that reinforce our commitment based on the UN Sustainable Development Goals (SDG):

ENVIRONMENTAL

SOCIAL

GOVERNANCE

Environmental Incentives

We understand the responsibility and the importance we hold over how we can improve our operations for a greener planet. Livingstone practice environmental initiatives within our offices and warehouses and as a result, we are ISO 14001 certified which is the international standard that specifies requirements for an effective environmental management system within workplaces.

We are working hard with our suppliers and partners to create and provide a wide range of eco-friendly and sustainable alternatives to your everyday products. We're committed to ensuring that these products will be accessible to all our customers and partners so that they can create greener choices and reduce our environmental impact on the world.

Climate Change

Livingstone recognises the importance of reducing our carbon footprint in all aspects of business, from our offices, to our dispatch facilities and with our suppliers and factories. By reducing our carbon footprint this mitigates the effects of global climate change and improves public health, boosts the global economy and maintains biodiversity. We have introduced environmentally friendly packaging and expanding new eco-friendly product ranges. We have begun to implement this through our supply chain, consolidating our orders to minimise gas emissions.

In our offices and warehouse facilities we have introduced energy efficient lighting, fuel efficient vehicles and recycling programs. Our warehouses are now undergoing paperless orders. We will continue to improve our business practices to have a carbon neutral footprint in the coming years.

Quality & Assurance

At Livingstone, one of our main goal is to provide quality products at a competitive price. Throughout the years, our supply chain has constantly improved and updated to ensure that we are providing our customers with assurance over the quality of our products.

We pride ourselves on ensuring third party quality testing is performed prior to any shipment on all products to ensure we meets and exceed Australian, American and European standards.

We are also an accredited Australian Trusted Partner which is a partnership between Australian businesses and the Australian Government to streamline legitimate trade.

Ethical Sourcing

At Livingstone, we ensure to put an emphasis on the importance of behaviour and morals with all our suppliers before we go into business with them. Our main focus of managing our connections with our new and existing suppliers is ensuring they share our commitments to social and environmental responsibilities.

Livingstone is proud to be a member of Sedex; an organisation that enables businesses to work together to better manage their social and environmental performance and improve working conditions throughout their supply chain.

Gender Equality

At Livingstone, we believe that all our employees deserve the right to equal opportunities. We recognise the importance of gender equality in our workforce and are committed to embracing a company culture that reflects that. Our partners and suppliers are given the code of conduct and are required to provide safe working conditions, to treatwomen and everyone fairly and ethical. Livingstone requires its supplier to operate in accordance with suppliers co with compliance with all applicable laws and regulations.

Livingstone encourages equal opportunities and pay in all roles in our workplace to support growth, stability and empowerment despite your gender nor sexuality. Livingstone aims to maintain 45% to 55% of female leadership and representation in senior leadership roles.

With an increase in domestic violence cases, physical or sexual violence, Livingstone has implemented a Domestic Violence initiative, to ensure the safety and wellbeing of all staff members. This entails unpaid leave for anyone experiencing violent, threatening or other abusive behaviour and seeks to coerce, control or cause harm or fear. The leave is taken to ensure arrangements are made for the safety of the individual and/or their family members, attend court hearings or access police services. Support and confidentiality is provided and guaranteed.

The safety and wellbeing of all employees is paramount to Livingstone.

Diversity & Inclusivity

At Livingstone, we believe that everyone deserves the right to equal opportunities. We recognise the importance of diversity and inclusivity in our workforce and are committed to embracing a company culture that reflects that. We celebrate and encourage inclusion and diversity in all its forms regardless of gender, ethnicity, religion, disability, sexuality and so forth. We have partnered with not-for-profit organisations that open doors for the disabled, Aboriginal & Torres Strait businesses and communities as well as social ventures so that we can continue to promote diversity throughout our supply chain and within our business.

Being an Australian owned company, we are passionate in developing key initiatives to an important movement by creating, supporting and providing opportunities for Aboriginal and Torres Strait Islander peoples, their communities and their businesses. We are proud to announce our Aboriginal and Torres Strait Islander brands Miyan and Duga that in hand will endorse our intentions of supporting Aboriginal and Torres Strait Islander communities, projects, employment and key initiatives.

We worked closely with Aboriginal and Torres Strait Islander artists Jason Douglas & Trevor Eastwood from Dalmarri in creating artwork for the packaging to help us depict our story and vision to improve healthcare to all communities by providing access to quality products. Through our collaboration with Dalmarri, we were able to contribute to their movement in providing education and awareness to corporations, individuals and schools across Australia through art and further employment for Aboriginal and Torres Strait Islander peoples.

YOU CAN MAKE A DIFFERENCE TODAY

By purchasing any of the Miyan and Duga products, 10c of every product sold will be donated to carefully selected Aboriginal and Torres Strait Islander initiatives and communities. Every $1 spent towards Aboriginal and Torres Strait Islander businesses and products will generate $4.41 for Aboriginal and Torres Strait Islander communities.
